Dear Supporter of the Sanford Orlando Kennel Club:

The Sanford Orlando Kennel Club is working to get permission from the City of Longwood to operate a card room as part of a larger scale beautification and redevelopment project for the City of Longwood. The proposed concept and vision are being developed by Associated Consulting International, a Seminole County company that has worked with the City of Longwood on several previous projects. We are looking for our patrons, employees and supporters to help us in advancing this venture.

The vision for the redevelopment of the southern gateway into Longwood includes tree shaded, pedestrian spaces with attractive buildings close to the road. This project would resemble elements of the successful Winter Park Village, with restaurants, shopping and a movie theater. A Performing Arts Center and other cultural and educational enhancements are also under consideration.

We are very excited about supporting this project and moving it forward to make Longwood an exciting and unique city. The ability to bring all these amenities as well as becoming the only facility in Seminole County to offer poker will truly make Longwood a destination city.

Anyone wishing to send a POSITIVE e-mail to the City Commissioners showing your support for this exciting project including a card room in Longwood would be greatly appreciated.

The City Commissioners' e-mail addresses are listed below as well as the Phone Number for City Hall.

We thank you in advance for your support.
